This is limited to lifting a fallen rider's machine only, and pointing it in the right direction and restarting the motorbike. No outside pushing is permitted to assist the rider.

Only adults will be allowed within the track areas once practice has commenced.

Fallen riders must get up themselves; parents/helpers can lift the machine but are not to lift the rider.

Overtaking

If you are not too confident out there and hear a bike approaching from behind, do not panic.

Do not move over to let them pass you, hold your line.

If you are the person overtaking – it is your responsibility to do it safely with regard for your own and the safety of other competitors.

Flags

Yellow – A yellow flag means SLOW down immediately, NO overtaking and NO jumping. A failure to obey a yellow flag will be treated very seriously.

There is no excuse for not obeying them, they are there for your safety and all of the riders around you.

Black – you have a problem and need to stop

Red – the race is being stopped, slow down immediately and proceed around the track slowly back to the start area and await an announcement. Do not return to the Pits unless instructed to do so.

White – One lap to go

Chequered Flag – The race has finished. Stop racing, leave the track and return to the pits slowly.

Starters Orders

Once you enter the start area you are under the 'Starters' complete control. What they say goes – this applies to gate pick, position and start procedure.

This Sunday we will be using an electronic start board. The board will be activated once the starter signals riders on the line are ready. Check Helmet Strap will be displayed.

The board will then countdown from 10 seconds to 0 (zero). This is followed by a series of red dots. The gates will not drop until after the countdown has reached 0 (zero) and the red dots appear. If you are using start blocks, it is your responsibility to remove them from the gates after your rider has left the gates.

Track Markings

If you miss a marker and leave the track, you must re-enter safely and ensure you do not gain an advantage. NEVER ride backwards anywhere along the track.

Exit from the Track

Exit from the location & instructions will be explained during riders briefing.

Helmets

All riders riding motorbikes must wear a helmet. No helmet – then don't ride, walk. 1st gear at all times – slowly – walkers have right of way off the track. One rider to a bike at all times.

Machine Examination

It is your responsibility to turn up with a machine in sound condition, without defects. We will be carrying out basic visual inspections on the line during practice. If you are spotted with a defective item you will be asked to pull off the start and return to the pits to have the issues sorted before you can race.

Protective Equipment

It is your responsibility to ensure your gear is in proper working order and compliant. We will be inspecting safety equipment on the line during practice. Please appreciate if you we point something out it is for your own safety and it needs to be sorted before you can race.

Body Armour

Commercially available Motorcycle Body Protection (Armour) that MUST include back protection must be worn. Checks will be carried out on the line, & you will not be allowed to participate without this on.

Helmets - You need to take your helmet/(s) along to sign in.

We don't want to turn anyone away on the day, so please check in advance that your helmet meets current MNZ regulations.

The Snell approval code of M2015, M2010, M2000 or M2005 can no longer be accepted.

Helmet standards are found either on a label on the chin strap, a sticker inside the lining of the helmet, or on the outside rear helmet at the base.

Please ensure you have the correct safety gear; regulations around Safety Gear can be found the following link at: [https://www.mnz.co.nz/docs/default-source/rules/chapter-8--safety-gear-\(off-road\).pdf?sfvrsn=2](https://www.mnz.co.nz/docs/default-source/rules/chapter-8--safety-gear-(off-road).pdf?sfvrsn=2)

Note: Rule 8.2n: 'Helmet Cameras or other accessories are not permitted to be attached to the rider's Helmet'. (This includes Camera Mounts)
